ATTA HOLDING

ATTA HOLDING Profile

ABOUT US

ATTA Holding stands as a privately held and remarkably diversified conglomerate, rooted in Abu Dhabi. Our expansive portfolio encompasses a wide array of activities and expertise across diverse market segments. Our primary objective is consistent: to foster growth through an intimate understanding of our marketplace, the unwavering quality of our products and services, and an uncompromising commitment to customer satisfaction. Our scope of work is continuously expanding, encompassing operations in the fields of oil and gas, trading, and advertising.

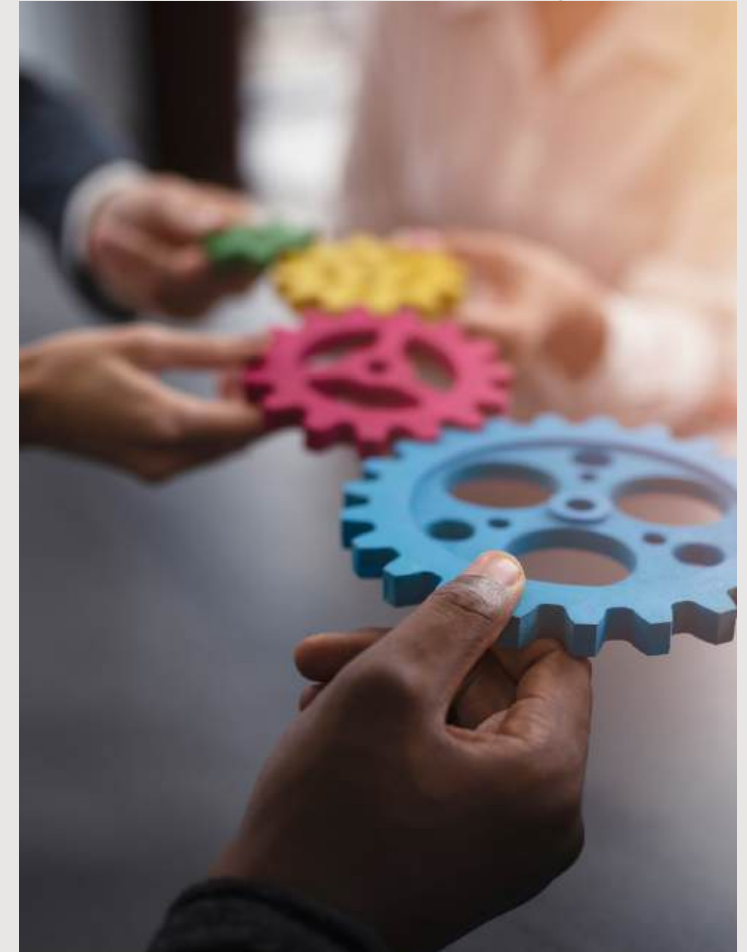

HISTORY

Gradually expanding its reach and diversifying its portfolio, ATTA embarked on a journey into new markets and industries. In 2001, the company marked a pivotal moment by establishing its distribution facility in Sharjah. This facility focused on the import and export of supplies crucial for the oil extraction and construction sectors. A few years later, ATTA boldly entered the marketing sector, establishing Al Nasr Advertising as one of the pioneering UAE-based agencies. Al Nasr Advertising quickly earned distinction by collaborating with reputable clients, amplifying their marketing efforts, and enhancing market recognition.

CORPORATE SOCIAL RESPONSIBILITY

In line with the ethos of responsible growth and diversification in a rapidly developing economy, ATTA Holding recognizes its role in not only contributing to economic progress but also supporting the community it serves. Operating in dynamic environments such as the UAE, we believe in fostering the development of our local workforce. Our commitment extends to nurturing the field with young experiences of the UAE to become future leaders within our organization. Recognizing the importance of practical skills and real-world experience, we actively support university students by providing training opportunities that bridge the gap between academia and industry. Through mentorship programs and hands-on training, we aim to empower students to become future leaders in their respective fields.

OUR GROUP

ATTA is a distinguished holding company with a strategic focus on fostering excellence across various industries through its diversified portfolio of daughter companies. Each subsidiary within the ATTA umbrella is dedicated to excelling in its respective field, collectively contributing to the overall success and growth of the conglomerate. The diversified nature of our companies spans across industrial, trading, and advertising sectors, showcasing ATTA's commitment to versatility and proficiency. With a commitment to excellence, diversity, and innovation, ATTA continues to be a driving force in the success of its individual subsidiaries and the conglomerate as a whole.

ALNASR METAL
INDUSTRIES

ALNASR METAL **INDUSTRIES**

Our offerings encompass a wide spectrum, including oil and gas pipes threading, fabrication of steel baskets, steel pipes, components, and lifting ropes. Whether you are in the oil and gas sector or require customized steel solutions, AlNasr Metal Industries is your go-to source for quality and reliability. Our team inspects quality, starting from the importation of raw materials to the delivery of the final steel-fabricated products. Going beyond product quality, we emphasize the establishment of connections, building trust, and ensuring reliability with our clients. This commitment has earned us the confidence of our clientele.

ALNASR TESTING & MAINTENANCE

ALNASR TESTING & MAINTENANCE

AlNasr Testing & Maintenance Company is a renowned industry leader specializing in the comprehensive testing and inspection of lifting and loading equipment. With a commitment to ensuring the highest standards of safety and reliability, AlNasr has established itself as a trusted partner for industries relying on lifting equipment for their operations.

One of the core areas of expertise is the inspection of heavy loads lifting and hoisting applications, and their proper functioning is paramount for ensuring the safety of personnel and protecting valuable assets. AlNasr Testing and Maintenance utilizes state-of-the-art testing methods and equipment to assess the condition of wire ropes, checking for factors such as corrosion, wear, and fatigue that could impact their performance. While assessing the functionality and identifying any potential issues that may compromise their lifting capacity or pose a safety hazard.
